

## John Carter

### EGOS Map

Note: The different sizes of the figures represent a greater or lesser preponderance of extroversion or introversion in personality; a bigger size corresponds to a preponderance of extroversion and a smaller size corresponds to a preponderance of introversion.

## Natural Personality – Summary Report

Distinctive Characteristics	
John Carter is particularly gifted at developing original and simple solutions for challenging issues. Curious and imaginative, he integrates different areas of knowledge to discover new perspectives on matters that constitute his focus of interest. Because he values clarity, he presents his ideas in a logical and precise manner, summarizing the fundamental principles so he can later apply them to practical reality.	
Strengths	Ideal Setting
<ul style="list-style-type: none"> <li>Independent and introspective posture</li> <li>Ease at associating concepts from various areas</li> <li>Imagination and creativity</li> <li>Integrative and logical thinking</li> <li>Appreciation of intellectually stimulating subjects</li> <li>Self-sufficiency in conception and action</li> <li>Few and well-defined interests</li> </ul>	<ul style="list-style-type: none"> <li>Freedom to work with autonomy</li> <li>Opportunity to develop own solutions</li> <li>Significance in the roles they perform</li> <li>Recognition and positive feedback</li> <li>Limited involvement with other people</li> <li>Variety of challenges and stimuli</li> <li>Opportunity to undertake multiple tasks</li> </ul>
